

# RESEARCH PROJECT

As part of the Middle School Diploma, pupils will be expected to produce an individual project on a subject of their choice by the end of Year 8.

These projects will be completed in the pupils own time and will be on a specific subject, directly linked to Britain and British values. This will be discussed with the pupils at the start of Year 7. The format of these projects is entirely up to the students and we hope this will provide them with an opportunity to work and think independently and creatively.

Pupils will be expected to produce a hard copy of their project and will also be required to do a 5 –7 minute presentation. Some pupils may wish to make use of modern technology for their presentation and produce short videos which they have edited or brief documentaries, whilst their hard copy will use more traditional methods and produce typed or even handwritten work.

The format is entirely up to the pupils, credits will be awarded for the quality of their research, effort, content and originality as well as for the standard of the final project and presentation. Pupils will be expected to deliver the verbal introduction about their project to a member of the Senior Leadership team, in the summer term of Year 8.
